## Make Your Dreams POP

POP=Plan On Purpose

### Empowerment Experience

Event organizers at colleges, universities, churches and conferences nationwide trust Khadijah to not only entertain, but inspire, encourage and motivate their audiences to take **ACTION** and **Make Their Dreams POP!**

Khadijah shares her personal story of triumph, setbacks as an entrepreneur, and why she finally decided to **POP: Plan On Purpose.** Khadijah does not come empty handed either. With your booking your audience will receive FREE KAY'S KETTLE CORN, your audience will get to taste the product that started it all.

Khadijah has always had an entrepreneurial spirit. She had her first business selling handmade beaded bracelets at 10 years old on Santa Monica Beach called "Beach Beads Plus". In 2012 Khadijah started Kay's Kettle Corn while working as a full-time corporate recruiter. On her 33rd birthday in the summer of 2014 she decided to take a leap of faith (literally, She went sky diving). That was the day she decided to live fearlessly and MAKE HER DREAMS POP! She set the plan in motion to leave her job and take Kay's Kettle corn to the next level. In October of 2014 she quit her job and with tons of hard work, support of my family, friends and sorority sisters it's been **POPPIN** ever since.

## Testimony

"You're motivating, captivating, and relatable to our students! Sometimes we bring speakers in who are slightly out of touch who lose the students; you and your story shows students you can be young and great"
