POP! POP! POP! I was sent a yummy treat to review. [Kay's Kettle Corn](#) is an all natural gluten-free gourmet popcorn that is based in the Houston, TX area. These gourmet yummys can be delivered to your home or office. There's a monthly subscription box for those who are serious popcorn lovers. Kay also do special events and custom orders.

I enjoyed my treat. I love that there wasn't a long list of ingredients used to make them. They are made with popcorn, sugar, canola oil, and sea salt. Yeah! I know only 4 simple ingredients. I was able to have my sweet and salty at the same time with no guilty feeling afterwards. This get two clueless thumbs up from me.

Opinions are my own, I was not compensated for this review
